MADE FOR TRADE

Established in 1917 ITW Buildex is Australia's leading manufacturer and supplier of self-drilling screws and fasteners. ITW Buildex is quality endorsed to ISO9002 and all fasteners are made to exacting high standards of quality and are subject to strict inspection and testing procedures.

Buildex develops and manufactures many of its products in Australia specifically for the needs of the Australian market.

Buildex fasteners are trade quality fasteners designed to meet the needs of trades people. All Buildex screws are manufactured from high quality materials and go through a rigorous heat treatment process to ensure they are tough enough for the task at hand.

Buildex's unique Climaseal coating offers the ultimate in corrosion protection and is the end result of Buildex's real world test program. In addition to superior coatings Buildex is committed to developing innovative design features that ensure Buildex fasteners are faster and easier to install, more versatile and longer lasting.

To ensure that you are using Buildex fasteners, look for the BX marking on the top of the screw head. It is your guarantee of trade quality and performance.

CONDITIONS OF SALE

1.1 Interpretation

In these conditions:

- (a) 'Seller' means ITW Proline, a division of SPL Group Ltd (ABN 95 000 043 872) of 45 Britton Street, Smithfield, New South Wales 2164 which is the seller of the goods/services.
- (b) 'Buyer' means the purchaser of the goods/services specified.
- (c) 'Goods' means the products and, if any, services specified.
- (d) 'Quotation' means the Seller's quotation
- (e) 'Invoice' means Seller's invoice describing product descriptions, quantities supplied and prices created as a result of supplier's purchase instructions

1.2 Terms of sale

- (a) The goods and all other products sold by the Seller are sold on these terms and conditions.
- (b) These conditions (which shall only be waived in writing signed by the Seller) shall prevail over all conditions of the Buyer's order to the extent of any inconsistency.

1.3 Seller's quotations

Unless previously withdrawn, the Seller's Quotations are open for acceptance within the period stated in them or, when no period is so stated, within 14 days of its date. The Seller reserves the right to refuse any order based on this Quotation within 14 days after the receipt of the order.

1.4 Packing

The cost of any special packing and packing materials used in relation to the goods are at the Buyer's expense notwithstanding that such cost may have been omitted from any Quotation.

1.5 Shortage/Claims

- (a) The Buyer waives any claim for shortage of any Goods delivered if a claim in respect for short delivery has not been lodged with the Seller within 7 days from the date of receipt of Goods by the Buyer. To the extent permitted by law, NO CLAIMS for short delivery can be recognised after this time. INVOICE NUMBER AND DATE MUST BE QUOTED ON ALL CLAIMS.
- (b) Please note we will effect the action shown on the invoice which accompanies the Goods unless advised otherwise. Back orders will be held at our discretion unless advised otherwise and if under our minimum invoice value, they will be forwarded with the next order placed.

1.6 Drawings, etc

- (a) All specifications, drawings, and particulars of weights and dimensions submitted to the Seller are approximate only and any deviation from any of these things does not vitiate this contract with the Seller or form grounds for any claim against the Seller.
- (b) The contents of (including descriptions and illustrations) catalogues, price lists and other advertising matter do not form part of this contract of sale of the Goods or of the description applied to the Goods.
- (c) Where specifications, drawings or other particulars are supplied by the Buyer, the Seller's price is made on estimates of quantities required. If there are any adjustments in quantities above or below the quantities estimated by the Seller and set out in a Quotation for the Goods, then any such increase or decrease are to be adjusted on a unit rate basis according to unit prices set out in the Seller's Quotation or as otherwise agreed by Seller in writing.

1.7 Performance

Any performance figures given by the Seller are estimates only. The Seller is under no liability for damages for failure of the Goods to attain such figures unless specifically guaranteed in writing in the Seller's Quotation. Any such written guarantees are subject to the recognised Section 1.10 of these terms and conditions and to tolerances applicable to such figures.

1.8 Delivery

- (a) The delivery times made known to the Buyer are estimates only and: the Seller is not liable for any loss, damage or delay occasioned to the Buyer or its customers arising from late or non-delivery or late installation of the Goods.
- (b) The Seller may at its option deliver the Goods to the Buyer in any number of instalments unless there is a written agreement to the effect that the Buyer will not take delivery by instalments.
- (c) If the Seller delivers any of the Goods by instalments, and any one of those instalments is defective for any reason:
 - (i) it is not a repudiation of these terms and conditions; and

- (ii) the defective instalment is a severable breach that gives rise only to a claim for compensation in relation to these defective Goods (and not to other instalments or Goods).

1.9 Loss or damage in transit

- (a) The Seller is not responsible to the Buyer or any person claiming through the Buyer for any loss or damage to goods after the Goods have been received by the Buyer, including any loss or damage caused by any event of any kind by any person (whether or not the Seller is otherwise legally responsible for the person who caused or contributed to that loss or damage).

1.10 Guarantee

- (a) To the extent permitted by law, subject to paragraphs (b) to (f) below, the Seller's liability for the Goods manufactured by it is limited at the Seller's option to:
 - (i) making good any defects by repairing the defects;
 - (ii) replacement of the Goods; or
 - (iii) a refund of the moneys paid by the Buyer to the Seller for the Goods.
- (b) Any claim by the Buyer under paragraph (a) above must be made within a period not exceeding 12 months from the date that the Goods have been order or dispatched (whichever is the earlier date) and only to the extent that:
 - (i) defects have arisen solely from faulty materials or workmanship;
 - (ii) the Goods have not received maltreatment, inattention or interference;
 - (iii) accessories of any kind used by the Buyer are manufactured by or approved by Seller;
 - (iv) the seals of any kind on the Goods remain unbroken; and
 - (v) the defective parts are promptly returned free of cost to the Seller.
- (c) To the extent permitted by law:
 - (i) The Seller is not liable for, and the Buyer releases the Seller from any claims in respect of faulty or defective design of any Goods supplied unless such design has been wholly prepared by the Seller and the responsibility for any claim has been specifically accepted by the Seller in writing in the Seller's quotation; and
 - (ii) in any event, the Seller's liability under this paragraph is limited strictly to the replacement of defective parts in accordance with paragraph (a) above.
- (d) Except as provided in these conditions, to the extent permitted by law, all express and implied warranties, guarantees and conditions under statute or general law including as to merchantability, description, quality, suitability or fitness of the goods for any purpose or as to design, assembly, installation, materials or workmanship or otherwise are expressly excluded by the Seller. The Seller is not liable for physical or financial injury, loss or damage or for consequential loss or damage of any kind including arising out of the supply, layout, assembly, installation or operation of the Goods or arising out of the Seller's negligence.
- (e) Certain legislation, including the Australian Trade Practices Act 1974 (Cth) may imply warranties or conditions or impose obligations which cannot be excluded, restricted or modified except to a limited extent. This Agreement must be read subject to those statutory provisions. If those statutory provisions apply to the subject matter of this Agreement, notwithstanding any other provision of this Agreement, to the extent to which Seller is entitled to do so, Seller limits its liability in respect of any claim under those provisions to:
 - (i) in the case of goods, any one or more of the following:
 - (A) the replacement of the goods or the supply of equivalent goods;
 - (B) the repair of the goods;
 - (C) the payment of the cost of replacing the goods or of acquiring equivalent goods;
 - (D) the payment of the cost of having the goods repaired; or
 - (ii) in the case of services:
 - (A) the supplying of the services again; or
 - (B) the payment of the cost of having the services supplied again.

1.11 Prices

- (a) Unless otherwise stated all prices quoted by the Seller are net, exclusive of Goods and Services Tax (GST) and any other taxes related to the Goods.
- (b) Prices quoted are those ruling at the date of issue of quotation or invoice and are based on rates of freight, insurance, customs duties, exchange, shipping expenses, sorting and stacking charges, cartage, cost of materials and other charges affecting the cost ruling on the date.
- (c) If the Seller makes any alterations to the price of the Goods or to any of their inputs either before acceptance of or during the currency of these terms and conditions, these alterations are for the Buyer's account.

- (d) The Buyer will bear all liability for GST and other taxes related to the Goods and shall not require the Seller to pay to the Buyer any amount on account of GST and other taxes related to the Goods. In addition the Seller will be entitled to recover from the Buyer any GST and other taxes related to the Goods paid or payable by it in respect to the sale of the Goods.
- (e) Any "Suggested Retail" prices (including GST) act as a guide only. There is no obligation to use this price. The Buyer is free to quote (and use) this price or to set a retail price they wish.

1.12 Payment

- (a) Except to the extent otherwise agreed in writing, the purchase price in relation to Goods is payable on or before the 30th day of the month following the invoicing of the goods unless other terms of payment are expressly stated in these conditions in writing.
- (b) Should the Buyer default in the payment of any monies due to the Seller then all monies shall immediately become due and payable, shall be paid by the Buyer within 7 days of demand and shall attract interest at the rate of 2% flat per month to be calculated on all overdue amounts from the date of due payment until the date of actual payment. If it becomes necessary to institute legal proceedings to recover underpaid debts to this company, to the extent permitted by law, all discounts showing on unpaid invoices become null and void and the total list prices showing become payable.
- (c) Any expenses costs or disbursements incurred by the Seller in recovering any outstanding monies, including all reasonable debt collection fees and solicitors costs and legal disbursements shall be paid by the Buyer.
- (d) The Seller shall be entitled without notice to terminate any credit arrangement with the Buyer in the event of the Buyer defaulting in any of the terms and conditions contained in these terms and conditions or for any other reason which the Seller need not make known to the Buyer.
- (e) The Seller shall be entitled at any time to request such security or additional security as it shall in its discretion think fit and shall be entitled to withhold supply of the Goods or any credit arrangement until such security or additional security is provided.
- (f) The Seller may refuse to accept orders under this Agreement (or charge a surcharge for future orders) at the Seller's sole discretion, including if the Buyer's account is overdue, if the Buyer requests cash on delivery or cash sales, if the Buyer orders with a pre-tax value of under \$150.00, or if the Buyer's total annual purchases total less than \$5,000.00 (excluding taxes).

1.13 Rights in relation to goods (including romalpa clause)

- (a) The Seller reserves the following rights in relation to the Goods until all accounts owed by the Buyer to the Seller are fully paid:
 - (i) ownership of the Goods;
 - (ii) to enter the Buyer's premises (or the premises of any associated company or agent where the Goods are located) without liability for trespass or any resulting damage and retake possession of the Goods; and
 - (iii) to keep or resell any Goods repossessed pursuant to (ii) above.
- (b) If the Goods are resold, or products manufactured using the Goods are sold, by the Buyer, the Buyer shall hold such part of the proceeds of any such sale as represents the invoice price of the goods sold or used in the manufacture of the goods sold in a separate identifiable account as the beneficial property of the Seller and shall pay such amount to the Seller upon request. Notwithstanding the provisions above the Seller shall be entitled to maintain an action against the Buyer for the purchase price and the risk of the Goods shall pass to the Buyer upon delivery.
- (c) The Seller and the Buyer agree that:
 - (i) the property of the Seller in the Goods remains with the Seller until the Seller has been paid in full for the Goods;
 - (ii) the Buyer is a bailee of the Goods until such time as property in them passes to the Buyer and that this bailment continues in relation to each of the Goods until the price of the Goods has been paid in full;
 - (iii) pending payment in full for the Goods, the Buyer:
 - (A) must not supply any of the Goods to any person outside ordinary or usual course of business;
 - (B) must not allow any person to have or acquire any security interest in the Goods;
 - (C) must insure the Goods for their full insurable or replacement value (whichever is the higher) with an insurer licensed or authorised to conduct the business of insurance in the place where the Buyer carries on business;

(D) must not remove, deface or obliterate any identifying plate, mark or number on any of the Goods.

- (d) Despite paragraph 1.13(c) above, if the Buyer supplies any of the Goods to any person before all monies payable by the Buyer have been paid to the Seller, the Buyer agrees that:
 - (i) it holds the proceeds of re-supply of the Goods on trust for and as agent for the Seller immediately when they are receivable or are received;
 - (ii) it must pay the amount of the proceeds of re-supply to the Seller immediately when they are received;
 - (iii) if the Buyer fails to pay for the Goods within the period of credit (if any) extended by the Seller to the Buyer. The Seller may recover possession of the Goods at any site owned, possessed or controlled by the Buyer and the Buyer agrees that the Seller has an irrevocable licence to do so.

1.14 Storage

The Seller reserves the right to make a reasonable charge for storage if delivery instructions are not provided by the Buyer within 14 days of a request by the Seller for such instructions. The parties agree that the Seller may charge for storage from the first day after the Seller requests the Buyer to provide delivery instructions.

1.15 Returned goods

- (a) The Seller is not under any duty to accept goods returned by the Buyer and will do so only on terms to be agreed in writing in each individual case.
- (b) If the Seller agrees to accept returned Goods from the Buyer under paragraph 1.15(a) above, the Buyer must return the Goods to the Seller at the Seller's place of distribution. Any return of Goods shall be at the Buyer's entire risk as to loss or damage. Where the Seller agrees to accept Goods for return, the Seller may charge a pre-negotiated, or other reasonable restocking charge.
- (c) Acceptance of Goods delivered by the Seller shall be deemed for all purposes to have taken place at the expiration of 7 days from the date of each delivery.
- (d) TO THE EXTENT PERMITTED BY LAW, EXCEPT TO THE EXTENT AGREED BY THE SELLER, NO GOODS WILL BE ACCEPTED WITHOUT A RETURN AUTHORITY NUMBER FROM THE SELLER (INVOICE NUMBER AND DATE ARE REQUIRED ON ALL CLAIMS). IF THE INVOICE NUMBER CANNOT BE QUOTED, goods will be credited at SPL current lowest catalogue price, less 20%. To the extent permitted by law, Goods cannot be accepted back by the Seller unless the Seller has received prior notification, either by advising our office or our representative, and the returned Goods must be in their original packaging, not shop-soiled, and be current catalogue items. At that time the Seller will advise the mode of transport acceptable to the Seller. Except to the extent otherwise agreed to by the Seller, freight will not be paid by the Seller on Goods returned by the Buyer by means other than those nominated by the Seller.
- (e) Goods returned in an unsaleable condition – (ie, other than as required under paragraphs (a) to (d) above) cannot be accepted back for credit and will be returned "freight on" to the Buyer.

1.16 Goods sold

The parties agree that all Goods that are required to be supplied by the Seller to the Buyer under this Agreement are as described in the Seller's Quotation, catalogue or on the Invoice (or as otherwise agreed in writing between the Seller and the Buyer). The parties agree that this description of the Goods prevails over any other requirements of the Buyer (including any descriptions of the Goods by the Buyer and any specification of, or enquiries by, the Buyer).

1.17 Cancellation

No order may be cancelled except with the Seller's consent in writing and on terms which will indemnify the Seller against all losses.

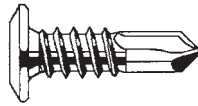

1.18 Place of contract

The parties agree that this Agreement is governed by the laws of New South Wales, and agree to submit all disputes arising between them to the courts of New South Wales.
